SCHULTE HARDWARE:

All SCHULTE Shelving can be installed with components from three main groups of hardware.

1. Back Clip
To attach back of shelf to wall. 1-1/2" from ends and every 11".

Also used as a hold down clip at open ends and above Support Braces.
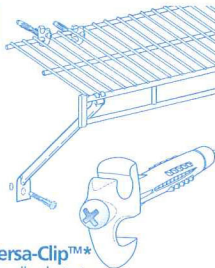

Versa-Clip™*
For all substrates.

3. Support Braces - Support Poles
To support front of shelf or as a center support. Recommended spacing: every 3'6". For heavy loads, every 2'.

Use Support Poles for added strength on multiple-shelf applications.
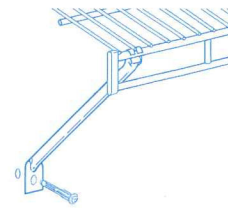

For 9", 12", 16", 20" shelves.
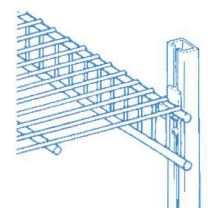

2. Side Wall Bracket
To support front of shelf at side walls. Features double anchor to support the heaviest loads.
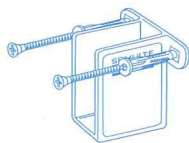

Side Wall Bracket with Tri-Loc® II Anchor

Where It Goes
