

Reinforced Hycar apron for rugged wear

- These poly/cotton reinforced aprons feature a 17-19mil Hycar nitrile blend on poly/cotton backing with sewn edge finish and offer users a tough combination of chemical splash protection and flexible comfort even in cold conditions
- 2-piece 48 inch ties and sealed grommets provide a durable, consistent and adjustable fit on all sizes and styles
- 56-510 aprons are designed for rugged wear, and are both durable and cost effective

Industries

- Food Processing
- Life Sciences

Applications

- Packing of fillets and ground meat
- Canning
- Bottling
- Storing and transportation
- Equipment maintenance and repair
- Plant disinfection and sanitization
- Transferring liquids

PRODUCT INFORMATION

Reliable Protection

- Wherever oil, grease and chemicals are present, Ansell aprons help workers keep clean and protected from harmful contact
- Hycar aprons are a tough nitrile blend, ideal for grease and animal fats. They are also excellent in cold conditions

Durable

- The Hycar construction is traditionally tougher and more cut, abrasion and puncture resistant than neoprene but is still flexible for the toughest jobs
- Coated poly/cotton reinforcement is easy to clean
- Sealed grommets allow for size adjustment without tear-out

Comfort and Selection

- Bib styles with adjustable ties ensure optimal fit for a wide range of users
