

Fiber Networks, Rural Broadband and Your Community

*WESCO helps Utilities and Municipalities provide
broadband service to their customers.*

WESCO[®]
UTILITY

Your partner for best-in-class fiber and utility
products from leading industry manufacturers.

YOUR TRUSTED PARTNER FOR FIBER BROADBAND DEPLOYMENT

WESCO, your partner for best-in-class utility products from leading industry manufacturers, can help you navigate designing, building and deploying fiber optic networks. To stay competitive and capitalize on additional revenue streams, utilities launching fiber networks will provide subscribers the bandwidth they are demanding. WESCO is committed to providing utilities the products, services and expertise they need for successful FTTH deployment.

FIBER IMPROVES SCADA & AMI RELIABILITY

Fiber improves the speed and reliability of gathering real-time information from your field controllers and meters allowing you to make accurate adjustments or quickly address problems.

FIBER STRENGTHENS COMMUNITIES

Co-ops and municipalities servicing any community need to make investments to thrive. Fiber provides a revenue stream that pays for itself.

YOUR CUSTOMERS NEED BROADBAND

Rural communities who deploy fiber networks to service broadband needs see increased economic development, improved educational efficiency and expanded employment opportunities.

FIBER OPTIC SERVICES

WESCO provides a number of services specifically for FTTH networks, in addition to any customized solutions your unique project may require.

- ▶ Consultation
- ▶ Cutting Fiber Optic Cable to Custom Length
